

## If we do our best for six weeks

**Imagine!**

**From this moment,**

**If no one catches the Coronavirus in this town...**

**Two weeks later....**

**We won't find anymore infected patients.**

**And in another two weeks...**

**Most patients will have fully recovered**

**And in another two weeks...**

**There won't be infected patients.**

**So...**

**For six weeks...**

**Let's work together and do our best**

**To avoid the Coronavirus**
